Experience

Visier • 3 years 9 months

Senior User Experience Designer • July 2022 – present

Leading product design for new initiatives in the workforce planning domain. Taking major improvements to our analytics platform from idea to implementation, exposing them via simple and usable workflows. Onboarding & mentoring junior team members.

User Experience Designer II • July 2021 – June 2022

User Experience Designer • September 2020 – June 2021

User Experience Designer (co-op) • May 2019 – August 2020

Simon Fraser University • 2 years 6 months

Systems Analyst • January 2019 – June 2021

Completed a migration of sites, databases, and content from one VM to another using rsync and other CLI tools. Managed the lab's RHEL web server and software. Maintained several WordPress and PMWiki instances, and modified plugins and themes to fit various requirements.

Vancouver Coastal Health • 2 years 3 months

Systems Analyst • September 2017 – March 2019

Designed & developed a web app to generate employee training schedules, saving 20 labour weeks per year. Provided technical recommendations for digital projects, and designed & developed several web experiences to support staff education. Prototyped VR experiences for Oculus Go and Cardboard. Produced several educational & marketing videos.

Multimedia Designer (co-op) • January 2017 – August 2017

Education

BSc, Interactive Arts & Technology

Simon Fraser University

Graduated December 2020 with distinction. Concentration in

Design. Co-op designation.
